
Surgery completed

Posted by PumpkinJodi - 2006/11/28 09:54

Hey guys. I have just been resting the past couple of days. I had abdominal surgery Friday to remove an ovary. I feel like I got hit by a truck. The good news is The Dr. said everything looked benign :-) I'll try to catch with everything later this week.

:heart

harsh..I'm sorry to hear that happened to you. My mom had everything taken out too. Its pretty intense from what I remember. I hope you feel better soon.
much love!
