I found a few mp3s of what I believe was from the 'unofficial' spun soundtrack. I just burned them to a DVD to clear stuff off my brother's hard drive. But if I get the chance, I will upload them using yousendit or something. There was 'Always', 'Freedom (instrumental version)', and maybe another one, I am not sure. There is probably more songs than that but I don't have them. I haven't seen Spun, so I wouldn't really know.

These links are all dead -- can someone repost them for me? I've been looking for the Spun songs forever. Many thanks.
