WELCOME POTENTIAL PANDAS!!!! THERE IS ALOT OF INFO HERE FOR YOU. THIS PAGE WILL HELP YOU DECIDE IF BEING A PANDA IS RIGHT FOR YOU. THIS PAGE WILL ACT AS A HANDBOOK FOR NEW PANDAS. READ AND ENJOY!

"A well-regulated militia is necessary to the security of a free society , the right of the people to keep and bear arms shall not be infringed."

Introduction to the "Panda Way"

The Mad Panda Militia is an all-volunteer assembly of men and women. We have a wide range of skills and talents within our ranks. We choose the Panda as our mascot because although bears are usually seen as vicious animals the Panda is a calm and gentle beast with respect for nature and the world it lives in. Pandas are also a dying breed, as are those who believe in our ways. We are a pro-government organization intent on salvaging and defending our rights. We are, however, disappointed in the current state of the world. Our personal freedoms and our the Panda way of life are rapidly vanishing.

We accept and welcome all who wish to preserve freedom and maintain a civilization we can be proud to leave our children and grandchildren; regardless of race, sex, or religion. We maintain a firm belief that every man, woman, and Panda may live, worship, and teach their children as they wish for so long as it respects the personal rights and beliefs of others. Every individual is entitled to his or her own opinion and is under no requirement to explain that opinion to others. However, as a group, MPM will not tolerate racism, anti-Semitism, or prejudice of sex. All are welcome and will be treated with respect. If you are interested, but have reservations based on the stereotypical, "militias are hate mongers" or "Mad Pandas have bad breath" descriptions constantly purported in our liberal news medias, then I challenge you personally to see (and smell) for yourself. Your privacy is assured and there are no records or paper trails that can be used to track our members.

Why Join the Militia?

Because there is absolutely no reason left not to.

Time is up, no more excuses, no more putting it off. This world is headed for a hell in a handbasket, and unless you are a coward, or a part of the problem, you need to start making contact with your fellow Pandas today.

Yes, it is Strong, Straight Language, and all true.

"If you love wealth better than Liberty, the tranquility of servitude better than the animating contest of Freedom, go home from us in peace. We ask not your counsel or arms. Crouch down and lick the hands which feed you. May your chains set lightly upon you. And May Posterity Forget That You Were Our Countrymen."

--Samuel Adams August 1, 1776.

Mad Panda Militia By-Laws

Purpose:

To explain the mission, goals and organizational structure of the Mad Panda Militia.

STATEMENT OF ETHICS:

Under no circumstances will the Mad Panda Militia tolerate immoral behavior or racism.

GOALS:

1. TO PRESENT itself to the citizens of the world as a well regulated, well trained, well equipped, and well educated militia.
2. TO ASSIST citizens and civil authorities in the event of a national disaster, civil defense or in the defense of the Panda way.
3. TO ESTABLISH a cohesive command structure able to instruct and to delegate tasks as needs arise.
4. TO TRAIN members in many disciplines necessary to the function of the Mad Panda Militia as a whole and as members individually.
5. TO EDUCATE members in areas of history, law, and principles from knowledge imparted by historical foundations.
6. TO INFORM its members of local, national, and global events that would imperil the Panda way and impact the direction of society.
7. TO ENCOURAGE members to stand against tyranny and any person, entity, or force which threatens to undermine our freedom.
8. TO SEEK the protection, wisdom, and leadership of the Almighty Panda God as we submit to Him to do His will in protecting the liberty and freedom He has given to all Pandas and Humans alike.

ORGANIZATIONAL STRUCTURE:

In order to achieve the goals listed, a Mad Panda Militia Command Staff has been created. Subordinate to the Command Staff will be other support elements. Each element will be made up of subordinate units necessary to perform the mission of the group as a whole. The Command Staff is made up of commissioned officers selected and appointed by the existing King.

AUTHORITY:

Officers and Non-commissioned Officers elected and appointed to command, as well as support positions, are given their authority by King Panda. As a member you are expected to support and follow the lawful orders and directives of the Chain of Command. Trust and teamwork are the cornerstones of our organization. If you feel compelled to disobey or openly reject the Chain of Command, you should immediately withdraw from the militia, without prejudice. Provision is made to remove members who discredit the militia through a hearing (court martial) conducted by the Command.

GUIDELINES:

All Mad Panda Militia members will be required to take and sign the Oath to uphold the Panda way and to protect it from all enemies.

While it is intended that the MPM intrudes as little as possible in the private lives of its members, it is also clear that individual members are volunteers and must be ready to meet periodically and deploy as the need arises. It will be the objective of the Command to infringe as little as possible on the time of militia members recognizing their responsibilities to their families, schools, and their jobs.

Militia members are highly encouraged to live exemplary lives. Blatant violations of the law place the legitimacy of the Mad Panda Militia at risk. Therefore, in order to protect the militia as a whole, members in violation will be subject to a

court martial, comprised of the Command Staff, convened to hear the facts of the case. Members may stand trial for such acts that would discredit the Mad Panda Militia or place it at risk. The member will stand accused at his or her own defense. No charge will be brought to court martial unless supported by at least two Panda witnesses. The maximum penalty for any offense will be permanent dismissal from the MPM. After counsel, the convened Command Staff will vote on action with the final decision to be left up to the King. Any militia member may voluntarily withdraw from the militia without prejudice at any time for conscience sake. In such cases any issued equipment must be returned.

I am General Boobie Dippin Doodle. I see a whole army of my fellow Pandas, here in defiance of tyranny! You have come to fight as free bears, and

free bears you are!

What will you do without freedom?

Yes, Fight and you may die. Run and you will live at least a while. And dying in your bed many years from now, your final wish would be to trade all the days from this day to that for one chance, just one chance, to come back here as young pandas and tell our enemies that they may take our lives but they will never take our freedom!

Every Panda dies, not every Panda really lives.

DEATH TO THE SYSTEM!!!

How can we be promoted?

Well sir - by excepting missions, by defaming the system (in whatever way possible), by honoring the King Panda, by spreading the Panda way to others (possibly getting them to join), and by carrying out positive acts of kindness in you local area. All these things can earn you points toward a promotion.

Ex. Deface an enemy's wikipedia page or make a thread in a forum to discuss the negatives of the current system.

"Sugar, We're Goin Down" is one of the dumbest singles from Fall Out Boy's album From Under the Emo Tree. Released in 2005, the single has so far reached a position of #8 in the USA, becoming their first Top 10 single, blah blah blah zzz... This single launched the band into the MTV mainstream, which, today, isn't a very good thing. Two different CDs were released with different B-sides, Part I with a green cover and Part II was even dumber. hahahahaha! goodone, Staff Sergeant Goober Dippin Juice!

Artist Description for PANIC! at the disco

Panic! At the Disco is a las vegas, nevada pop-rock band whose 2005 debut album PANIC! at the disco - A Fever You Can't Sweat Out made the Billboard 200 album chart. The album has sold over one million copies (Platinum) since its September 2005 release.

Many consider this to be the worst band in recent years, due to the fact that their musical talent is severely limited. While this isnt in dispute amongst the more musicaly educated, those who know very little about the dynamics of music insist on defending, and loving this awful music. Panic! at the Disco once covered (and completely ruined) a song by the great and powerful Smashing Pumpkins, leading to further ridicule and flaming amongst fans of the pumpkins.

The real story behind 9/11...

Our Government has made plans in the past to carry out terrorist attacks on it's own citizens in order to start a war THEY wanted to happen. It was called "Operation Northwoods" and it was simple...carry out shameless acts of terrorism on our own people then blame them on Fidel Castro in order to get the "go ahead" to attack Cuba. Sounds a lot like how they used Bin Laden and 9/11 as the reason for attacking Iraq, but hey don't take my word for it. Here is a report from ABC News on the subject...

U.S. Military Wanted to Provoke War With Cuba

U.S. Military Drafted Plans to Terrorize U.S. Cities to Provoke War With Cuba

In the early 1960s, America's top military leaders reportedly drafted plans to kill innocent people and commit acts of terrorism in U.S. cities to create public support for a war against Cuba.

Code named Operation Northwoods, the plans reportedly included the possible assassination of Cuban émigrés, sinking boats of Cuban refugees on the high seas, hijacking planes, blowing up a U.S. ship, and even orchestrating violent terrorism in U.S. cities.

The plans were developed as ways to trick the American public and the international community into supporting a war to oust Cuba's then new leader, communist Fidel Castro.

America's top military brass even contemplated causing U.S. military casualties, writing: "We could blow up a U.S. ship in Guantanamo Bay and blame Cuba," and, "casualty lists in U.S. newspapers would cause a helpful wave of national indignation."

Details of the plans are described in *Body of Secrets* (Doubleday), a new book by investigative reporter James Bamford about the history of America's largest spy agency, the National Security Agency. However, the plans were not connected to the agency, he notes.

The plans had the written approval of all of the Joint Chiefs of Staff and were presented to President Kennedy's defense secretary, Robert McNamara, in March 1962. But they apparently were rejected by the civilian leadership and have gone undisclosed for nearly 40 years.

"These were Joint Chiefs of Staff documents. The reason these were held secret for so long is the Joint Chiefs never wanted to give these up because they were so embarrassing," Bamford told ABCNEWS.com.

"The whole point of a democracy is to have leaders responding to the public will, and here this is the complete reverse,

the military trying to trick the American people into a war that they want but that nobody else wants."
