
Carlos Mencia is a Fraud!!!!

Posted by Believe - 2007/02/16 06:05

Joe Rogan (Fear Factor) recently confronted Carlos Mencia (Mind of Mencia) at LA's Comedy Store for stealing jokes and for pretending to be mexican. As it turns out His name isn't even Carlos...it's Ned Holness! And he is half German! I never liked his show anyway.....

He talked about that (his background and name) on a local radio station here about 6 months ago. He material is only mildly amusing to me -- there are other comedians I'd much rather see.

You must admit, a guy has to mess up pretty bad to have a bunch of comedians mad at you!
