I'm not sure I understand the encouragement for baby making ahah.. . but just so you gentlemen know for future reference, a pregnancy is not 9 months, that is a misnomer. . it is actually 40 weeks (more like 10 months)!!!!

1979 - I'll start you a clean birthday thread this week on your big day!

Thank you very much people :D

and Hyposphere, to be called a true SP fan is such an honor, thank you so very kindly :)

Cool, cool, cool... erm, FRIENDS + ENEMIES and the ZERO T SHIRTS !!! Yeahhh! Fuck yeah!!
I also got money, Vieuphoria - Bugg Superstar Rocks my Socks off ! errmm, and stuff really.

Apart from just being assaulted by my drunken father who just said how much trouble I'd brought upon the family I've had a good one thanks.

Oh and there was also that bit where he said "I just wish it was 16 years ago and you were in that cot again" - reffering to the fact that I'd brought them so much trouble that he'd rather have gotten rid of me then, yeah, apart from that I'm pretty cool...

... Turns out my dad, doesnt, really believe me about the drugs... but nevermind eh!

Thanks so much guys for making my bday awesome! It's lovely to see such a prescence here and such a warm celebration of my birthday :p :heart

I would have thought of it as settling for D'arcy, if you couldn't get Melissa. Oh, well, whatever floats your boat. (In D'arcy's case it is drugs)

you shouldnt have....

That's ok, it was my pleasure.

Plus, I found the cheese in a dumpster and when I say I baked I actually mean scooped it up and put it in a box.

It's birthday time again I see;
Another year's gone by.
We're older than we used to be;
The thought could make me cry.

For getting older is not such fun,
When there's hurting in your back,
And it's agony if you have to run,
And a pleasure to lie in the sack.

Yes getting older is quite a bore,
But to not get old is worse.
So "Happy Birthday!" let's shout once more,
And to heck with our ride in the hearse!

Hooray for getting older! Happy Birthday and many more.

HAPPY BIRTHDAY BUDSPENCER, JANTHES, and TEEJ!!!

Posted by Believe - 2007/02/02 19:01

Growing old is a question of mind over matter. Provided you don't mind it really doesn't matter.

No matter what your age you always look upon the last five years with regret and to the next five with apprehension.

Life is a theatre, growing old the drama to be performed. It's just unfortunate that no dress rehearsal is allowed.

Mastering the art of growing old requires many years of dedicated practice.
Ageing should be undertaken like a fine wine maturing rather than an inferior cheese decaying.

As a youth you desperately want to change the world. As you grow older you discover that the world is changing faster than you can endure.

Take time to enjoy this birthday.

Best Wishes and SP LOVE!!!
