Posted by God - 2007/05/22 16:23

I know someone there had to tape the whole thing. I wish I could have gone, taped it and shared it with all of you, but I could not. so, Whenever someone finds a bootleg of this show (or any of the new shows)

please tell us!!!

I know it's fun to sing along when you go to a concert... but damn it can be really annoying!!! Especially on the videos where they make it so you can barely hear Billy... and the fans sounded like they were 15 or something....

Shows are still surfacing from years ago. Like that Oberhausen gig in 2000, or the BC Marquee show from Sydney in 05. As much as I'd like to get a copy as soon as possible your probably looking at a few days minimum.

=====

Re: Audio bootleg

Posted by Zer0 - 2007/05/22 23:39

I'm still conflicted as to whether I want to listen to the bootlegs of the Zeitgeist songs, I don't want to take the specialness (is that a word) away from listening to the album when it comes out...

I'll probably end up downloading the bootlegs anyway when they come out... Hopefully it won't be some shit copy that a fan has recorded on his phone and all you hear is the whiney girl next to them screaming her head off.

Right...the part in the latter half of Gossamer, with the "revolution" part...is that like a reprise of United States? It sounds like it to me...

Anyway - my GOD is Billy's voice on top form, especially in aforementioned section - PERFECT screams. This bootleg is unbelievable...I hope the guy/girl who recorded it is following the Pumpkins to every single goddamn show. If they are all as well recorded as this, I will be the happiest person in the world, the SP bootleg junky that I am...

I uploaded some videos on Dailymotion. I used the bootleg to have a cleaner sound.

United States and Billy's dance :)

Other videos are coming (Today, Stand Inside Your Love, Muzzle...)

Hope you'll enjoy it :jimmy
