Care to let her out for half an hour a day to post?

Nah, I went and saw her in Believe's closet awhile back...he's not letting her go anywhere

Oh well, is she well fed at least?

Re: Where's Ruby?

Posted by Rivers Cuomo - 2007/05/19 18:59

Yeah I think so. I brought her a cake actually. A big wedding-style one. That's how we roll.

Posted by Believe - 2007/05/20 09:45

Yeah - it was awesome! If you've ever seen Black Snake Moan - that's pretty much the situation. IF I ever did let her post on here - it would most likely be a cry for freedom. Sorry Guys

He said he stopped checking the boards and stopped caring about the pumpkins in general after the ticket screw up. He has no faith in the intentions of the reformed band.

I can understand that. I mean the whole reformation was only supposed to happen if the others were in..they arent around and here billy is doing exactly what he said he wouldnt. As I recall believes signature was a quote on that very topic. If anyone talks to him tell him I say hello!

Re: Where's Ruby?

They're all leaving us! Next it'll be Dougy!!! just kidding.

Re: Where's Ruby?

Posted by dougydarkangel - 2007/06/07 03:57

Ill never leave, i have ridiculous blind faith in billy. Some say its silly, but i dont care, it makes me more happy than i have ever been.

And about the idea that not all the members are in therefore not really a reunion, does that mean adore wasnt a true pumpkins album?

Re: Where's Ruby?

Posted by stumbleine - 2007/06/07 16:17

how come you say that in this thread?

anyway, adore had 3/4.

zeitgeist has 2/4. but i dont really care anymore. tarantula sounded pretty ok, so i shouldnt challenge the line up.

Re: Where's Ruby?

Posted by Starla Bing - 2007/06/09 17:10

no I said something about believe and the whole intentions of the band which led to something about how now the pumpkins are half the members...then you said something about adore

yes thats it I think! or not
