
The Lyrical Post

Posted by dougydarkangel - 2007/08/28 03:18

Thought i would start a topic for people to post lyrics they think are good, or are into at the present.

Thought i would start the ball rolling with one of my personal favourites at the moment

Travel - The Gathering

Melodic stanzas
are symphonizing their way
through your weary head

To feed your distrust
And fill it's mouth with the desire
to soulfully be one with your creation

Not a subject to control
you call upon a higer power
for help and inspiration

The crowd waits
and turns their faces
towards you expectantly
you give them what they need
But their useless criticism
makes you die
a bit more inside

Not a subject to control
you call upon a higer power
for help and inspiration

Oh, I swoon
while loudspeakers play soft music

Leaning
over your fourtieth masterpiece
You must have loved
the colour of these violins

I wish I knew you
Your fit of insanity makes me sad

I wish you knew
your music was to stay forever
And I hope...

I have no clue
if you know how much it matters
And I hope...

It's all the same, only the names will change
Everyday it seems we're wasting away
Another place where the faces are so cold
I'd drive all night just to get back home

I'm a cowboy, on a steel horse I ride

I'm wanted dead or alive
I'm a cowboy
Wanted dead or alive

Sometimes I sleep, sometimes it's not for days
And the people I meet always go their separate ways
Sometimes you tell the day
By the bottle that you drink
And times when you're alone all you do is think

I walk these streets, a loaded six string on my back
I play for keeps, 'cause I might not make it back
I been everywhere, and I'm standing tall
I've seen a million faces an I've rocked them all

I'm a cowboy, on a steel horse I ride
I'm wanted dead or alive
I'm a cowboy, I got the night on my side
I'm wanted dead or alive
And I ride, dead or alive
I still drive, dead or alive

I love these lyrics Although they just scream them incoherently.

oh and i seriously hate bon jovi

i hope you are not serious

Nothing can be obtained by grasping at the wind
There is no escape from the dualism of life, vanity of vanities.
I am embittered towards humanity for its failures
Yet I possess all of these same shortcomings

There is grief in wisdom, there is sorrow in truth
Yet, the heart of the wise is in the house of mourning
And by sad countenance the heart is made stonger in time

So, I embrace this burden and weep for the fools that chase the wind

Just for the record I hate Bon Jovi too, but words are words.

When the routine bites hard
And ambitions are low
And the resentment rides high
But emotions wont grow

And were changing our ways,
Taking different roads
Then love, love will tear us apart again

Why is the bedroom so cold
Turned away on your side?
Is my timing that flawed,
Our respect run so dry?
Yet theres still this appeal
That weve kept through our lives
Love, love will tear us apart again

Do you cry out in your sleep
All my failings expose?
Get a taste in my mouth
As desperation takes hold
Is it something so good
Just cant function no more?
When love, love will tear us apart again

lol bon jovi. I commend you for being able to even listen to his words!

Here are some of my favorite lyrics

I'm not going down on my knees
Begging you to adore me
Can't you see it's misery
And torture for me
When I'm misunderstood
Try as hard as you can
I've tried as hard as I could
To make you see
How important it is for me

Here is a plea
From my heart to you
Nobody knows me
As well as you do
You know how hard it is for me
To shake the disease
That takes hold of my tongue
In situations like these

Understand me

Some people have to be
Permanently together
Lovers devoted
To each other forever
Now I've got things to do
And I've said before
That I know you have too
When I'm not there
In spirit I'll be there

Depeche mode, Shake the disease very cheesy but I love em

All the dams will give at the end,
at the end, at the end of the world.
Will you swim for me?
And the lights could go at any time,
any time, any time, any time.
How will you look for me?

Catastrophe keeps us together.
We're the architects of the world.
We're taking it all apart.

And the bridges will burn at the end,
at the end, at the end of the world.
How will we cross the seas?
And the plans have got to hold a destination
that you and I can rely on for sure.
I want you to find me.

Catastrophe keeps us together.
We're the architects of the world.
We're taking it all apart.
Do you think we could go on forever
when the architects of the war
are handing out the swords?

But I've got a plan.
I'm gonna find you
at the end
of the world,
at the end
of the world.

All the dams will give at the end
at the end, at the end of the world.
So will you swim for me?
And our eyes could go at any time,
any time, any time, any time.
So how will you look for, how will you look,
how will you look for me?

Catastrophe keeps us together.
We're the architects of the world,
and we're taking it all apart.
Do you think we can go on forever
when the architects of the war
are handing out the swords?

Well I've got a plan.
I'm gonna find you,
I'm gonna find you
at the end of the world,
at the end of the world,
at the end of the world . . .

I've got a plan.
I'm gonna find you.
I'm gonna find you
at the end.

(Rainer Maria, "Catastrophe.") I love Caitlyn De Marrais' lyrics. *snuggles*

These lyrics make me sad because I think at this point in NIN's Year Zero, the world is ending...

In This Twilight

Watch the sun
As it crawls across a final time
And it feels like
Like it was a friend
If it's watching us
And the world we set on fire
Do you wonder
If it feels the same?

And the sky is filled with light
Can you see it?
All the black is really white
If you believe it
As the time is running out
Let me take away your doubt
We can find a better place
In this twilight

Dust to dust
Ashes in your hair remind me
What it feels like
And I won't feel again
Night descends
Could I have been a better person?
If I could only
Do it all again

And the sky is filled with light
Can you see it?
All the black is really white
If you believe it
And the longing that you feel
You know none of this is real
We will find a better place
In this twilight

Zero-Sum (Chorus)

Seemingly a chorus of people sings this, and I just picture a group of people standing together singing it, while the world around them is destroyed...

Shame on us
Doomed from the start
May God have mercy
On our dirty little hearts

Shame on us
For all we've ever done
And all we ever were
Just zeros and ones

And of course, I love the simple, effective lyrics to Eraser...I hurt my voice by screaming as loud as I could when this was played at Reading...

Need you
Dream you
Find you
Taste you
Fuck you
Use you
Scar you
Break you

LOSE ME
HATE ME
SMASH ME
ERASE ME
KILL ME

Sorry for so many...

One of the first things we gotta switch around of course
Is Jesus Christ, and him dying on the cross
You're looking at the cross, surrounded in it's mystery
With Jesus on the cross in total misery
Now separate Jesus from the cross so you can see
The truth about the cross, and the cross's history
The cross was created by the Roman government
It's only purpose and use, is cap-i-tal punishment
But Jesus Christ, was all about the revolution
While the cross was used as Jesus Christ's execution
See what if Jesus Christ, was hung upon a tree
Upon every church wall, that's exactly what you'd see
If Jesus Christ, was shot in the head with no respect
We'd all have little gold guns around our neck
If Jesus Christ was killed in electric chair, now get it
You'd be kneeling to the electric chair with Jesus, still in it

Everyone should check out this band, i vouch for them muchly:

Fear of a Blank Planet - Porcupine Tree

Sunlight coming through the haze
No gaps in the blind
To let it inside
The bed is unmade
Some music still plays

TV, yeah it's always on
The flicker of the screen
A movie actress screams
I'm basking in the shit flowing out of it

I'm stoned in the mall again
Terminally bored
Shuffling round the stores
And shoplifting is getting so last year's thing

X-box is a god to me
A finger on the switch
My mother is a bitch
My father gave up ever trying to talk to me

Don't try engaging me
The vaguest of shrugs
The prescription drugs
You'll never find
A person inside

My face is mogadon
Curiosity
Has given up on me
I'm tuning out desires
The pills are on the rise

How can I be sure I'm here?
The pills that I've been taking confuse me
I need to know that someone sees that
There's nothing left I simply am not here

I'm through with pornography
The acting is lame
The action is tame

Explicitly dull
arousal annulled

Your mouth should be boarded up
Talking all day
With nothing to say
Your shallow proclamations
All misinformation

My friend says he wants to die
He's in a band
They sound like Pearl Jam
The clothes are all black
The music is crap

In school I don't concentrate
And sex is kinda fun
But just another one
Of all the empty ways
Of using up a day

How can I be sure I'm here?
The pills that I've been taking confuse me
I need to know that someone sees that
There's nothing left I simply am not here

Bipolar disorder
Can't deal with the boredom

You don't try to be liked
You don't mind
You feel no sun
You steal a gun
To kill time

You're somewhere, you're nowhere
You don't care
You catch the breeze
You still the leaves
So now where?

There's a club, if you'd like to go
You could meet somebody who really loves you
So you go, and you stand on your own
And you leave on your own
And you go home, and you cry
And you want to die

this pretty much sums up my mood. i hate u morissey, but great lyrics

All men have secrets and here is mine
So let it be known
For we have been through hell and high tide
I think I can rely on you ...
And yet you start to recoil
Heavy words are so lightly thrown
But still I'd leap in front of a flying bullet for you

So, what difference does it make ?
So, what difference does it make ?
It makes none

But now you have gone
And you must be looking very old tonight

The devil will find work for idle hands to do
I stole and I lied, and why ?
Because you asked me to !
But now you make me feel so ashamed
Because I've only got two hands
Well, I'm still fond of you, oh-ho-oh

So, what difference does it make ?
Oh, what difference does it make ?
Oh, it makes none
But now you have gone
And your prejudice won't keep you warm tonight

Oh, the devil will find work for idle hands to do
I stole, and then I lied
Just because you asked me to
But now you know the truth about me
You won't see me anymore
Well, I'm still fond of you, oh-ho-oh

But no more apologies
No more, no more apologies
Oh, I'm too tired
I'm so sick and tired
And I'm feeling very sick and ill today
But I'm still fond of you, oh-ho-oh

Oh, my sacred one ...

PUG

Kiss and kill me sweetly
Come and drive me home
Drag the miles in me
I am yours alone

Inside where it's warm
Wrap myself in you
Outside where I'm torn
Fight myself in two
In two
Into you

Desire me so deeply
Drain and kick me hard
Whisper secrets for me
Try to go too far

Inside where it's warm
Wrap myself in you

Outside where I'm torn
Fight myself in two
In two
Into...

Please don't change
Please don't change at all
Bring your rain
Bring your rain to fall

Inside where it's warm
Wrap myself in you
Outside where I'm torn
Fight myself in two
In two
Into you

Come and kiss me sweetly
Ride the telephone
Drag the miles to me
I am yours alone
Yours alone
On the telephone
Yours alone
Looking for a kiss kiss
Yours alone

he writes great lyrics but it pretty much ends there i find. aside from how soon is now, i dont find his writing abilities aside from some lyrics as good as the people that he puts shit on. hes a dick. i mean who disses bowie?
..... hes said stupid shit about the cure, and plenty of other artisits that hes never even met! and havent done anything aside from being talented enough to get up his self obsessed ass..he just doesnt know when to keep his big fat mouth shut.

I really like the lyrics to Garbage's "You Look So Fine" off their 2.0 album.

You look so fine
I want to break your heart
And give you mine
You're taking me over

It's so insane
You've got me tethered and chained
I hear your name
And I'm falling over

I'm not like all the other girls
I can't take it like the other girls
I won't share it like the other girls
That you used to know

You look so fine

Knocked down
Cried out
Been down just to find out
I'm through
Bleeding for you

I'm open wide
I want to take you home
We'll waste some time
You're the only one for me

You look so fine
I'm like the desert tonight
Leave her behind
If you want to show me

I'm not like all the other girls
I won't take it like the other girls
I won't fake it like the other girls
That you used to know

You're taking me over
Over and over
I'm falling over
Over and over

You're taking me over
Drown in me one more time
Hide inside me tonight
Do what you want to do
Just pretend happy end
Let me know let it show

Ending with letting go

Let's pretend, happy end

Brave Soldier

What do you get for your courage?

When the days over

All of your troubles are worthless

Brave Sister

What do you earn for your struggle

When noone sees the pain you hide

hey

here's my life inside of a bubble

I feel the walls closing in inside and

I, I, I,

I try to fight but I can't break free

Break free!

I feel the walls closing in inside and

I, I, I,

I try to fight but I can't break free

Break free!

Break free!

Brave Soldier

Where will you go when your wounded?

Holding pictures of the one

hey

She's the love of your life

Brave Sister

who's gonna help you get through it

Who's gonna comfort and console-

and hold you through the night

cuz sometimes

I feel the walls closing in inside and

I, I, I,

I try to fight but I can't break free

Break free!

I feel the walls closing in inside and

I, I, I,

I try to fight but I can't break free

Break free!

Break free!

One of my favourite songs of all time

Waiting for the Sun - Powderfinger

This will be an uncertain time for us my love

I can hear the echo of your voice in my head
Singing my love

I can see your face there in my hands my love
I have been blessed by your grace and care my love
Singing my love

Theres a place for us sitting here waiting for the sun
And it calls me back into the safe arms that I know

For every step youre further away from me my love
I grow more unsteady on my feet my love
Singing my love

Now were waiting for the sun

Is this still the lyrical post???

"Title and registration"

The glove compartment is inaccurately named
And everybody knows it.
So i'm proposing a swift orderly change.

Cause behind its door there's nothing to keep my fingers warm
And all i find are souvenirs from better times
Before the gleam of your taillights fading east
To find yourself a better life.

I was searching for some legal document
As the rain beat down on the hood
When i stumbled upon pictures i tried to forget
And that's how this idea was drilled into my head

Cause it's too important
To stay the way it's been

There's no blame for how our love did slowly fade

And now that it's gone it's like it wasn't there at all
And here i rest where disappointment and regret collide
Lying awake at night

There's no blame for how our love did slowly fade
And now that it's gone it's like it wasn't there at all
And here i rest where disappointment and regret collide
Lying awake at night (up all night)
When i'm lying awake at night.

-cutting and pasting some lyrics from a lyrics website and editing any errors as needed, cos its a crap site ;-)

Sin - Stone Temple Pilots - Love the Pilots proberbly my 2nd favourite band behind the pumpkins.

Holy water clouds my thinking
Sinking low now
Keep on drinking
Down you go, suffer long
Down you go, sin make me strong

You control me, soul you stole, mine
Wishful thinking
Six feet under

Down you go, suffer long
Down you go, sin make me strong

Dead by dreaming, sleep you steal, mine
Pools of cold sweat
Hatred burns me

Down you go, suffer long
Down you go, sin make me strong

Holy water clouds my thinking
Sinking low now
Keep on drinking

Feel what were my eyes
Sink into the holes in my eyes
My sins have made me blind
Sink into the holes in my eyes

Still shackled to the shadow
Still shackled to the shadow
That followed you...

Karma Police by Radiohead, What can you say? One hell of a song.

Karma Police
Arrest this man

He talks in mouths
He buzzes like a fridge
He's like a detuned radio

Arrest this girl
Her Hitler hairdo
Is making me feel ill
And we have crashed her party

This is what you'll get
This is what you'll get
This is what you'll get
When you mess with us

Karma Police
I've given all I can
It's not enough
I've given all I can
But we're still on the payroll

This is what you'll get
This is what you'll get
This is what you'll get
When you mess with us

For a minute there
I lost myself
I lost myself

Phew, for a minute there
I lost myself
I lost myself

For a minute there
I lost myself
I lost myself

Phew, for a minute there
I lost myself
I lost myself

Bring The Light by The Smashing Pumpkins - Class :monocle

Shot down I stood
Withstood my neighborhood
I got it wrong
But I could
Follow love lest I learn
It's light
To bring the light
I fought with all my might, with light
Oh bring the light

Light, bring the light i never felt so good and right but tonight you'll never need another sound
Oh, bring the light
Bring the light to me

Here and gone oh I trust

You'd spit upon my dust
And mix my ash with your blood
A son of God you know you must arrive
in the light
Bring the light, let's bring the light
Light, oh bring the light

Light, bring the light
It's yours not mine
If you just want to survive
Go grab a glimpse of any star in heaven's high
I never felt so real and loved and alive
No shadows follow me unsung
In the light, bring the light to me

A flower song, clear and bright
Is it wrong, in neon white?
To insist you are mine
Standing dumb in the light
Bring the light
Oh, bring the light
Bring the light!

Light, bring the light
I never felt so real and right and alive
Don't let them steal from you what's yours by right
Light, bring the light
You know there comes a place and time
You can't deny
With every movement shadows cast and align

Bring the light, bring the light
Bring the light let's bring the light
Light, bring the light

The Last Fight by Velvet Revolver. I think Velvet Revolver are a fantastic band and Libertad (2nd album, released around the same time as Zeitgeist) is one great record, I like the band members previous bands (GNR/STP, for the most part) and you get some of those sounds in there songs and for the most part a sound all there own, thats growing. The Last Fight is a diamond of a song

Time feels like I've been back in jail
Like when I was doing time in the can
Spend all night on a bended knee
Just to beg for something to believe

Left home with a pack of clothes without a
Family tree
This fight could be the last fight
No giving and no winning
One time could be the all the time
Should we decide to end the misery

Time heals all of the burned out bridges
Filled with nothing more than misery
With the mask of the unbattled son
Trying to beg for something to believe

Left home with a pack of clothes without a
Family tree

This fight could be the last fight decide to end the misery

Break the chains of featherweights and giants
With the stain forever lasting liars
They're afraid when we spit out the fire
And start living

This fight could be the last fight
No living and no winning
One time could be the all the time
Should we decide to end the misery

This fight could be the last fight
No giving and no winning
One time could be the all the time
Should we decide to end the misery

You're not rid of me
Yeah you're not rid of me
I beg you my darling
Don't leave me
I'm hurting

Lick my legs I'm on fire
Lick my legs of desire

I'll tie your legs
Keep you against my chest
Oh you're not rid of me
Yeah you're not rid of me
I'll make you lick my injuries
I'm gonna twist your head off, see?
Till you say don't you wish you never never met her
Don't you don't you wish you never never met her
I beg you my darling
Don't leave me
I'm hurting
I've been lonely

Above everything
Above every day

I'm hurting

Lick my legs I'm on fire
Lick my legs of desire

Yeah you're not rid of me
I'll make you lick my injuries
I'm gonna twist your head off, see?
Till you say don't you wish you never never met her

Don't you don't you wish you never never met her

Lick my legs I'm on fire
Lick my legs of desire

You snake you crawled between my legs
Said want it all it's yours you bet
I'll make you queen of everything
No need for God no need for him
Just take my hand you'll be my bride
Just take that fruit put it inside
You snake you dog you fake you liar
I've burned my hands I'm in the fire
Oh you salty dog you filthy liar
My heart it aches I'm in the fire
You snake I ate a true belief
Your rotten fruit inside of me
Oh Adam please you must believe
That snake put it in front of me
In front of me

"Fuck Her Gently"

This is a song for the ladies
But fellas listen closely

You don't always have to fuck her hard
In fact sometimes that's not right to do
Sometimes you've got to make some love
And fuckin give her some smooches too
Sometimes ya got to squeeze
Sometimes you've got to say please
Sometimes you've got to say hey

I'm gonna Fuck you softly
I'm gonna screw you gently
I'm gonna hump you sweetly
I'm gonna ball you discreetly

And then you say hey I bought you flowers
And then you say wait a minute sally
I think I got somethin in my teeth
Could you get it out for me
That's fuckin teamwork

Whats your favorite posish?
That's cool with me
Its not my favorite
But I'll do it for you-
Whats your favorite dish?
Im not gonna cook it
But i'll order it from Zanzibar

And then I'm gonna love you completely
And then I'll fuckin fuck you discreetly
And then I'll fucking bone you completely

But then
I'm gonna fuck you hard
Hard!!!

david bowie. life on mars

It's a god-awful small affair
To the girl with the mousy hair
But her mummy is yelling "No"
And her daddy has told her to go
But her friend is nowhere to be seen
Now she walks through her sunken dream
To the seat with the clearest view
And she's hooked to the silver screen
But the film is a saddening bore
For she's lived it ten times or more
She could spit in the eyes of fools
As they ask her to focus on

Sailors fighting in the dance hall
Oh man! Look at those cavemen go
It's the freakiest show
Take a look at the Lawman
Beating up the wrong guy
Oh man! Wonder if he'll ever know
He's in the best selling show
Is there life on Mars?

It's on America's tortured brow
That Mickey Mouse has grown up a cow
Now the workers have struck for fame
'Cause lennon's on sale again
See the mice in their million hordes
From Ibiza to the Norfolk Broads
Rule Britannia is out of bounds
To my mother, my dog, and clowns
But the film is a saddening bore
'Cause I wrote it ten times or more
It's about to be writ again
As I ask you to focus on

Sailors fighting in the dance hall
Oh man! Look at those cavemen go
It's the freakiest show
Take a look at the Lawman
Beating up the wrong guy
Oh man! Wonder if he'll ever know

He's in the best selling show
Is there life on Mars?

Its never over, my kingdom for a kiss upon her shoulder
Its never over, all my riches for her smiles when I slept so soft against her
Its never over, all my blood for the sweetness of her laughter
Its never over, shes the tear that hangs inside my soul forever

Another of my favourite stanzas ever. From "lover, you should have come over" by jeff buckley

One of my favourite tracks from the smiths:

'Asleep'

Sing me to sleep
Im tired and i
I want to go to bed

Sing me to sleep
Sing me to sleep
And then leave me alone
Dont try to wake me in the morning
cause I will be gone
Dont feel bad for me
I want you to know
Deep in the cell of my heart
I will feel so glad to go

Sing me to sleep
Sing me to sleep
I dont want to wake up
On my own anymore

Sing to me
Sing to me
I dont want to wake up
On my own anymore

Dont feel bad for me
I want you to know
Deep in the cell of my heart
I really want to go

There is another world
There is a better world
Well, there must be
Well, there must be
Well, there must be
Well, there must be
Well ...

Bye bye
Bye bye
Bye ...

jeff buckley. we could be so happy baby (if we wanted to be)

There's no easy answer
None to blame or forgive
Two cripples dancing
To the end we live

I'm not with you not of you
Not with you, not of you
You are soft and young to me
I am the ghost who comes and goes
And I hope I'll catch you
In the throws of one last look at the wonder
One last look at the wonder

O, God, I love you
And all the past we once knew
Some other love becomes you
Whatever else we come to
I know we could be so happy, baby
If we wanted to be

You are soft and young to me
I am the ghost who comes and goes
I'm hoping that I'll catch you in the throws
Of one last look at joy that we've become

But there's no easy answer, none to blame or forgive
We were two cripples dancing
To the bitter end we live
I'm not with you, but of you
I'm not with you but of you

O, God, I loved you
And all the past we once knew
Some other love becomes you
Whatever else it comes to
I know we could be so happy, baby
If we wanted to be

We had a birthplace in common
We had separate beds and lives

I'll just sit here and glow
Break out the oldest pictures
Hang your ruined letters out to dry
We had a birthplace in common

And separate beds and lives
And lives, and lives
I know that we could be so happy, baby
If we wanted to be
I know that we could be so happy, baby

Johnny is a man
And he's bigger than you
But his overheads are high
And he looks straight through when you ask him how the kids are

He'll get home around seven
'Cause the chevy's real old
And he could have had a cadillac
If the school had taught him right
And he could have married Anne with the blue silk blouse
He could have married Anne with the blue silk blouse

And the food is on the table
But the food is cold
Don't hit her

"Can't you even cook?
What's the good of me working when you can't damn cook?"

Well Johnny is a man
And he's bigger than her
I guess the bruises won't show
If she wears long sleeves
But the space in her eyes shows through

And he could have married Anne with the blue silk blouse
He could have married Anne with the blue silk blouse
Shows through
Shows through
Shows through

coheed and cambria- mother superior (just what i hear, i dont like the other interpretations)

here, asleep at the bottom of hell
your time has come to pick the road
you walk in this tale
turned in as a coward, you've earned
through sickness and health theres only one
now go and bite your tongue

~~~~~  
you just saw the worst of me  
with a hoping theyd understand  
no they know your just a boy  
so grow up and be a man  
little baby, oh kick and scream and whine  
victims pay the price eventually  
the course, lets see your lie

youve got nothing to prove  
stay afraid, young brother

your answer is in there  
just stare down the barrel  
your sincerest apologies  
wont write you out of this one

tonight, youll find the right  
in the pull of the trigger, now bite  
young fools, dont cry  
anymore...  
~~~~~

fear sleeps, inside your stomach, it swells
atone boy, you know you need a fix
in the burn that cures the itch
for too long, this little babys cried on
tomorrow, well sing the words in song
of a time we are glad to have known

dont cry boy, not anymore
dont cry boy, not anymore
dont cry boy, not anymore
when your sick to the stomach
just pull out the knife, oh no

No World For Tomorrow is an AMAZING album. I interviewed Claudio last month and I have been fully sucked into the whole "Amory Wars" mythology behind the band. Coheed is what Billy wishes he could've done with Glass and the Machines of God!
