Are you referring to the Machina era song that was played a few times during soundchecks??

2000/02/27 - Canopy Club; Urbana, IL, US (soundcheck)

2000/04/10 - American Theater; St. Louis, MO, US (soundcheck)

As far as I know that's the extent of it. There are a few mp3's but nothing of really good quality. There use to be on the uboard I think??

It's hard to hear, but that's as good as it's going to sound.
