
Marine Throws Puppy off Cliff

Did everyone see this?? I have no words to describe it. It's absolutely horrible, despicable, appalling...any adjective along those lines would fit here.

I saw the video yesterday morning while I was getting ready for work. On the news they actually showed the Marine throwing the puppy off the cliff (the sound is just terrible). My jaw dropped. I couldn't believe it, and to see how the three marines acted :upset . I just haven't been able to get it out of my head since then.

I won't post the video, but if you need/want to see it, it's all over youtube.

discuss.

Yup, I saw it. Fucking horrifying how human beings can behave like that. The same day I read about some random spanish politician who had been busted running around killing cats. He was posing on several pictures, looking quite happy holding like 6 - 7 dead cats in his hands. The annoying thing about it is that those fuckers probably will get away with it with no more than half a year in jail or so. If someone had killed my cat I would have gone ballistic. Hah

Btw, I know my english sucks, but I think you catch the point. hehe

People are sick. You know people are amused by this on the internet as well. Pretty sad.

Honestly, what the hell is the point of being like, "Oh, that terrible shithead"? Seriously, people make a big deal about a "living" dog, randomly next to a cliff in the middle of nowhere, and little Timmy down the street is killing gerbils and cats, and he's just troubled? Also, if you watched the video and listened (not just to the puppy squeals that don't echo off the cliff walls like they would in reality), at the end one of the guys says something like, "It's not mean, if it's already-" Also, come to think of it, I didn't see the dog breathing or moving at all.

The world is a harsh, cruel, terrible place- either go get breast fed and tucked into bed by your mother, or accept the fact that there are evils and shades of grey you may not be able to stomach and get on with your life. And you also need to accept that those men and men just like them and worse are defending the US and the hairs on top of your fucking head.

I have no complaints.

I don't agree with the war, BUT, we are supposed to be over there setting an example for other countries. Now isn't this a great example of how Americans are? I saw the video before it went on the news, I thought it was horrible too. We're living in a world with some fucked up people, and unfortunately we just have to learn to live with it.

This topic reminds me of the film "In the Valley of Elah."

America's finest INDEED. *rolls eyes*

I know an eye for an eye makes the world blind, but people who mistreat animals ought to be fed to rabid wolves.

The puppy looked fake to me but either way it was dick thing to do.

If that puppy was real I'd be pissed.
