Hey i'd just though i'd share that the reissue on cd of Light into Dark is still available from their website even though it hasn't been updated since 2002 the paypal links still work and Barry(the guy who originally did it and who still sells the reissues) is ready to answer any questions his email is on site too. Just mentioning it since i've already got my copy coming in the mail :D oh and the prices on the website are still correct too.
Linkage: www.lightintodark.com (has a brief story about the history of it too)
