There probably wouldn't be a lot of that kind of footage out there since D'arcy left before Machina was released and before they began touring for the album. However, I think they played a few Machina songs on the Arising tour before she left.

I tried Youtube and couldn't find anything but yeah, your best bet would be to look for songs from that tour.

If i'm correct this is a video from the Arising tour.

Darcy is wearing a cowboy hat!

The song is 'I am one' which is fantastic!

If you already have knowleage of this video

-then I apologise for this time wasting, if you

never knew it existed then wheee have some fun my friend!

:cowboy :notapprove
