
cover song of nirvana\'s lithium

Posted by joene - 2008/05/17 07:32

hey everyone, it's been a while since I posted anything on this forum, but I'm back!

I made a video on youtube that I want you to see. It's my personal version of lithium by nirvana, and it's kind of ballad-y.

Feel free to rate & comment! Let me know what you think!

Thanks,

Joene
