Geek N.Z., because Geek U.S.A. is a ripping song, and I'm from New Zealand.

Originally iDISLIKEcaugette, because I hate courgettes, or zucchini, or whatever.

Pasta of Muppets is on just about everything else that I have. It's a spoonerism of Master of Puppets, an album by Metallica. It's not a favourite album of mine or anything, I just think it's a funny spoonerism.

My name is from Shakespeare Sonnett 33. I picked it up in my youth and it just fit...so there it stuck. And there you go *grin* I put the sonnet in the Completely Random...33 thread if anyone is interested in it.

My favorite basketball player Pistol Pete Maravich.

There was also a movie about him, Pistol: The Birth of a Legend, that I really liked when I was kid. The amount of heart and dedication he put into the game of basketball is truly inspiring.

...Oh yeah, it's also the name of a Smashing Pumpkins song off the truly amazing album Adore. Don't know why I left the space out of the name, it was a long time ago.

It is. It has to be one of the most under-rated Pumpkins songs. I'm glad someone else appreciates it too! :)

yeah, it is pretty underrated.

My name goes back quite a few years to when I was first doing online games and played AlienvPredator (before the naff films came out)loads. I liked to play the marines and favoured the Flame Thrower :) somebody already used "pyromaniac" So I made my own twist to the name.

No, its a part of a French vintage poster from the last turn of the century called La Maison Moderne by Manuel Orazi. I have replicated the girl from it though in an old painting of mine and I'm thinking of using her again for a painting I might do this summer. Its such a pretty poster- I love Art Noveau.

My name is Melanie, so there is the "mela".

My favorite band is Duran Duran, and my favorite member of Duran Duran is Simon Le Bon, who I affectionately refer to as Simon Le Bon(Bon), like a candy, so there is the "bonbon".

Re:Explain your online name!!!

Yes, chicken thigh!

Though egg mcmuffin is a good answer. Maybe even better than chicken thigh.

Nothing really to get, it's just a stupid little rhyming thing and way to be obnoxious.

Say someone comes running up to you and says "Guess what?" and you really don't care, or you just want to rile them up, so you say "Chicken butt!" and they get annoyed and roll their eyes and say "NO...!" and then tell you what they were going to tell you anyway.

And if you're really lucky, at some point they then say "Now, guess why?" and you can be obnoxious again and say "Chicken thigh!" and maybe then they give up and go away and you can go back to listening to Pumpkins.

hahaha, you guys have some weird off shoots!

my name came from when thepumpkins.net started, i used to just check it out for reading, and everyone once in awhile i'd add something under guest with a title header. so once i went to title my reply "Yeah" but i typed "yteah". so i thought it was cool and joined with that as my name.

i also use seviren for online junk, like that one song that i think susie sue sang where i think she sings "seviren, seviren" at some point. lol not too sure about it.

Re:Explain your online name!!!

Posted by Corgasm - 2008/07/04 09:33

The very first time I really listened to The Smashing Pumpkins was during the summer between my freshman and sophomore year of high school. I was sitting in my brother's room, bored, on the computer, so I decided to snoop around a little bit. I came across his copy of Mellon Collie, and noticed both discs were present. I decided to pop it in his stereo, and from the very first note of MCIS and how it led into Tonight, Tonight so beautifully, I was hooked. I listened to both CDs all the way through almost religiously for the next few days, and my life has never been the same since.

I told you that story because during this uhh...should we say..."Corgasm," I joked with a friend of mine that when I first listened to The Smashing Pumpkins that I did, in fact, have a Corgasm. It was an inside joke with us for a while and I thought I was pretty clever for coming up with such an impressive pun...until I realized everyone else said it too. However, I still found it fit to use as my handle.
