Does anyone still have this recording of Billy Corgan in 2005 at the Vic Theatre? I can't find it anywhere, and it is such a great show! Thank you!

Would .m4a (iTunes) format be ok?

That would be alright, though I would prefer MP3 format, if you don't mind. =)

Sorry for the delay, I'm working on it now.

I have a few different sources of this show, however I believe this is the best quality. All the banter and DJ chatter has been removed, so you get just the goods. Sorry, I can't find the original text file that has the notes. But the show flows perfectly, so you won't even notice the edits.

What the fuck is Bit 4/Bit 5? I've seen them on the SPFC list, but left me a bit :confused as to what they are.
